Dear Mr. Creighton:

Enclosed is a table that enumerates the expenditures EPA's remediation contractor in Libby made in response to issues related to the removal of asbestos contamination from your home. This table identifies expenses paid out by the contractor during each of the three response actions. In some cases the expenses were directly paid to motels and kennels, etc. The far right hand column reflects the amounts credited to your account at Western Building Supply.

With regards to the credits at Western Building Supply, as I explained in our telephone conversation, EPA's policy allows for reimbursal of fair market value for items like the carpet, not replacement cost.

If can be of further assistance, please feel free to contact me at 1-800-227-8917, extension 6600.

Sincerely,
